Product Description

Product Description:

Our excavator comes with a Video Outgoing-inspection: Provided, so you can see exactly what you're getting before you make a purchase. We take pride in ensuring that all of our equipment meets our high standards, so you can rest assured that you're getting a quality product.

This Second-hand Hyundai Digger is from the year 2021 and has a Bucket Capacity of 1.02m³. It's powered by a 112 KW engine, providing plenty of power to get the job done quickly and efficiently.

Don't let the fact that it's a remanufactured excavator fool you - this Hyundai model is built to last. With regular maintenance and care, it can serve your construction needs for years to come. Plus, buying remanufactured is a great way to save money without sacrificing quality.

Whether you're working on a construction site or doing some heavy-duty landscaping, our Remanufactured Hyundai Excavator is the perfect tool for the job. Its versatility and power make it ideal for a wide range of tasks, and its compact size makes it easy to maneuver in tight spaces.

So why wait? Contact us today to learn more about our Remanufactured Hyundai Excavator and how it can help you get the job done.

Video Outgoing-inspection	Provided
Condition	Good Health
Hydraulic Cylinder Brand	Original
Moving Type	Crawler Chain
Engine Brand	Cummins
Operating Weight	22570 KG
Bucket Capacity	1.02m³
Machine Weight	22000 KG

Applications:

Despite being a used product, this excavator is in good health condition and has undergone a video outgoing-inspection to ensure that it meets the necessary standards. With a price of \$25,000.00 per unit for 1-3 units, it is an affordable option compared to other excavators on the market.

The Used Hyundai Digger comes with a powerful 112 KW engine that makes it suitable for heavy-duty tasks. Its moving type is a crawler chain, which allows it to move smoothly on uneven terrain and make tight turns when needed.

With a total of 825 working hours, this excavator has been well-maintained and is ready to be used for your construction needs.

This excavator can be used in a variety of scenarios, including but not limited to:

Excavating and digging trenches

Demolishing old buildings or structures

Landscaping and grading

Building roads and bridges

The Used Hyundai Digger is a versatile and reliable option for any construction project. Don't miss out on this opportunity to own a high-quality excavator at an affordable price.
