Remanufactured Hyundai Excavator Original Hydraulic Pump 1.02m3 Bucket Capacity

Our Product Introduction

more products please visit us on used-crawlerexcavator.com

Basic Information

- Place of Origin: South Korea
- Price: \$25,000.00/units 1-3 units

Product Specification

- Hydraulic Pump Brand: Original
- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Engine Brand: Cummins
- Bucket Capacity: 1.02m³
- Hydraulic Valve Brand: Original
- Machine Weight: 22000 KG
- Product Category: Used Hyundai Excavator
- Highlight: **Used Hyundai Excavator 1.02m3 Bucket Capacity**
, Remanufactured Hyundai Excavator

Product Description

Product Description:

The used Hyundai digger is a high-quality product that is designed to provide maximum efficiency and productivity. It is perfect for a wide range of applications, including mining, construction, and excavation. The excavator is equipped with an Original hydraulic pump brand that ensures superior performance and reliability.

When it comes to performance, the Hyundai 220LC-9S Hydraulic Excavator does not disappoint. Its powerful engine and hydraulic system deliver exceptional power and speed, making it easy to get the job done quickly and efficiently. The excavator is also designed to be extremely maneuverable, allowing it to work in tight spaces and challenging environments.

The used Hyundai digger is also highly durable and built to withstand the toughest conditions. It is made from high-quality materials and features a robust construction that can handle even the most demanding jobs. The excavator is easy to maintain and service, ensuring that it will provide years of reliable service.

The Original Used crawler Hyundai 220LC-9S Hydraulic Excavator 22 Ton made In Korea is a great investment for anyone looking for a second-hand Hyundai excavator. It is a high-quality product that is designed to deliver exceptional performance, durability, and reliability. It is perfect for a wide range of applications and can handle even the toughest jobs.

Features:

Product Name: Second-hand Hyundai Excavator

Engine Brand: Cummins

Machinery Test Report: Provided

Hydraulic Valve Brand: Original

Power: 112 KW

Working Hours: 825

Technical Parameters:

Product Name:	Original Used crawler Hyundai 220LC-9S Hydraulic Excavator 22 Ton made In Korea
Condition:	Good Health
Year:	2021
Working Hours:	825
Machine Weight:	22000 KG
Core Components:	Pressure Vessel, Motor, Bearing, Gear, Pump, Gearbox, Engine, PLC
Bucket Capacity:	1.02m ³
Hydraulic Valve Brand:	Original
Hydraulic Cylinder Brand:	Original
Video Outgoing-inspection:	Provided

Applications:

The Original Used crawler Hyundai 220LC-9S Hydraulic Excavator 22 Ton made In Korea has a powerful engine of 112 KW, which provides the necessary strength to move heavy materials. Moreover, this product has a moving type of Crawler Chain, which allows it to adapt to different terrains and conditions, making it a versatile option for construction sites of all types.

Another great feature of this Second-hand Hyundai Excavator is its hydraulic valve brand, which is Original. This means that you can be sure that the product is reliable and will work efficiently.
