## Original Hydraulic Valve Used Cat Excavator 110 KW For Construction Needs

Our Product Introduction

more products please visit us on [used-crawlerexcavator.com](http://used-crawlerexcavator.com)

### Basic Information

- Place of Origin: Japan
- Brand Name: Cat
- Model Number: 323D3
- Price: \$22,000.00/units 1-3 units

### Product Specification

- Working Hours: 860
- Power: 110 KW
- Video Outgoing-inspection: Provided
- Engine Brand: Caterpillar
- Machinery Test Report: Provided
- Max Excavation Height: 3860 Mm
- Max Excavation Radius: 2700 Mm
- Hydraulic Pump Brand: Original
- Highlight: **Construction Needs Used Cat Excavator,  
110 KW Used Cat Excavator,  
Original Hydraulic Valve Used Cat Excavator**

## Product Description

### Product Description:

When purchasing a used machine, it is always important to have peace of mind knowing that you are getting a fully functional product. With this CAT Excavator, that is exactly what you will get as a machinery test report is provided to show that the machine has been thoroughly inspected and passed all necessary tests.

This CAT Excavator is designed to handle a variety of tasks with ease and precision. With a maximum excavation height of 3860 mm and a machine weight of 20000 KG, you can be sure that this excavator will handle even the toughest of jobs. Additionally, it has a max uploading height of 3560 mm which makes it ideal for loading and unloading materials with ease.

The CAT Excavator engine is a standout feature of this excavator. It is a powerful and reliable engine that provides the necessary power to handle any task. This engine is specifically designed to provide superior performance while consuming less fuel, which means that you get more work done while saving on fuel costs.

This used CAT Excavator is an excellent choice for anyone looking for a reliable and efficient crawler excavator. With its Original hydraulic valve brand, machinery test report, and impressive performance capabilities, you can rest assured that this excavator will deliver the results you need.

If you are in the market for a new crawler excavator, we also offer a range of Crawler Excavator NEW options to choose from that can meet your specific needs and budget requirements.

### Features:

Product Name: Used Cat Excavator

Max Bucket loading weight: 1.85 Ton

Max excavation radius: 2700 mm

Max digging depth: 3740 mm

Max excavation height: 3860 mm

Machinery Test Report: Provided

Product Type: Crawler Excavator NEW

Features: Excavator Electrical Device, Hydraulic Crawler Excavator

### Technical Parameters:

Product Category	Used Cat Excavator
Max uploading height	3560 mm
Hydraulic Pump Brand	Original
Max Bucket loading weight	1.85 Ton
Machine Weight	20000 KG
Hydraulic Cylinder Brand	Original
Working Hours	860
Operating Weight	21115 KG
Engine	3066 ATAAC
Video Outgoing-inspection	Provided

### Applications:

As a hydraulic crawler excavator, it is ideal for use in construction sites, mining operations, and other heavy-duty excavating tasks. Its durable construction and high-quality components make it a reliable choice for any job.

Manufactured in Japan, this Caterpillar Cat 320D excavator is built to last. It is a used excavator, but it is still in good condition and has been well-maintained, making it a cost-effective choice for businesses looking to expand their fleet.

With a price of \$22,000.00 per unit for 1-3 units, this excavator is an affordable option for businesses looking to purchase heavy-duty equipment. The Cat brand is well-known for producing high-quality equipment, and the 323D3 model is no exception.

This used cat excavator is suitable for a variety of applications, including but not limited to:

Digging and excavation

Construction site preparation

Demolition

Mining operations

Landscaping and gardening

In summary, the Good Condition Japan Original 20 Ton Used Caterpillar Cat 320D Hydraulic Crawler Excavator is a heavy-duty excavator that is both powerful and efficient. Its durable construction and high-quality components make it a reliable choice for any job. With a price of \$22,000.00 per unit for 1-3 units, it is an affordable option for businesses looking to expand their fleet. Its versatility makes it suitable for a variety of applications, including digging, construction site preparation, demolition, mining operations, and landscaping and gardening.
