3560mm Unloading Height 2022 Year CAT Excavator Engine From Caterpillar

Our Product Introduction

[more products please visit us on used-crawlerexcavator.com](http://used-crawlerexcavator.com)

Basic Information

- Place of Origin: Japan
- Brand Name: Cat
- Model Number: 323D3
- Price: \$22,000.00/units 1-3 units

Product Specification

- Year: 2022
- Engine: C2.4 DI
- Max Excavation Height: 3860 Mm
- Product Category: Used Cat Excavator
- Operating Weight: 5350 KG
- Power: 34.1KW
- Working Hours: 850
- Video Outgoing-inspection: Provided
- Highlight: 2022 Year CAT Excavator,
Caterpillar CAT Excavator,
3560mm Unloading Height Used CAT Excavator

Product Description

Product Description:

One of the standout features of this excavator is its maximum uploading height of 3560 mm, which provides excellent reach for lifting and transporting materials. It is also equipped with an original hydraulic valve brand, which ensures smooth and efficient operation. Whether you're digging trenches, demolishing structures, or loading trucks, this excavator will make your job easier and more efficient. The Cat 305.5 excavator is also capable of handling heavy loads, thanks to its maximum bucket loading weight of 0.22m³. This makes it ideal for digging and moving large amounts of material quickly and efficiently. Additionally, its hydraulic crawler system allows for excellent stability and control, making it easy to maneuver in tight spaces and on rough terrain. Overall, this Good Condition Japan Original mini Used Caterpillar Cat 305.5 Hydraulic Crawler Excavator is a reliable and powerful machine that can handle a wide variety of tasks. Its heavy-duty construction and reliable components make it a great investment for any business or individual in need of a high-performance excavator. Don't miss out on the opportunity to own this top-of-the-line piece of equipment that will help you get the job done right!

Features:

Product Name: Used Cat Excavator

Product Category: Used Cat Excavator

Max Uploading Height: 3560 mm

Bucket Capacity: 0.22m³

Core Components: Pressure Vessel, Motor, Bearing, Gear, Pump, Gearbox, Engine, PLC

Features: Hydraulic Crawler Excavator

Video Outgoing-Inspection: Provided

Additional Features: Excavator Electrical Device, Crawler Excavator(NEW)

Technical Parameters:

Product Name	Good Condition Japan Original mini Used Caterpillar Cat 305.5 Hydraulic Crawler Excavator
Product Category	Used Cat Excavator
Year	2022
Working Hours	850
Max excavation radius	2700 mm
Max excavation height	3860 mm
Hydraulic Cylinder Brand	Original
Hydraulic Valve Brand	Original
Video Outgoing-inspection	Provided
Machinery Test Report	Provided

Applications:

The excavator has a maximum excavation radius of 2700 mm, making it suitable for a wide range of applications. It is ideal for construction and excavation projects, as well as for mining and quarrying operations. The excavator is particularly useful for digging trenches, foundations, and holes. Its compact size and maneuverability make it perfect for working in tight spaces and on rough terrain. The Used Cat Excavator is available at a price of \$22,000.00 per unit for 1-3 units. It is a cost-effective solution for those in need of a reliable and efficient excavator. Its original hydraulic pump and cylinder brands ensure that it is built to last and can withstand the toughest conditions.

Whether you are a contractor, builder, or landscaper, the Used Cat Excavator is the perfect choice for your excavation needs. Its high-quality components and powerful engine make it a reliable and efficient machine that can tackle any job.
