## 850 Working Hours Used Cat Excavator With C2.4 DI Engine And Max Bucket Loading Weight Of 0.22m3

Our Product Introduction

more products please visit us on [used-crawlerexcavator.com](http://used-crawlerexcavator.com)

### Basic Information

- Place of Origin: Japan
- Brand Name: Cat
- Model Number: 323D3
- Price: \$22,000.00/units 1-3 units

### Product Specification

- Max Bucket Loading Weight: 0.22m<sup>3</sup>
- Bucket Capacity: 0.22m<sup>3</sup>
- Working Hours: 850
- Hydraulic Pump Brand: Original
- Product Category: Used Cat Excavator
- Core Components: Pressure Vessel, Motor, Bearing, Gear, Pump, Gearbox, Engine, PLC
- Video Outgoing-inspection: Provided
- Year: 2022
- Highlight: **Used Cat Excavator 0.22m<sup>3</sup> Bucket Capacity, C2.4 DI Engine Used Cat Excavator, 0.22m<sup>3</sup> Used Cat Excavator**

## Product Description

### Product Description:

Equipped with original hydraulic cylinder and valve brands, this excavator guarantees smooth and precise movements for optimal results. Its maximum excavation radius of 2700 mm allows for extensive coverage, saving you time and effort in completing your project. Our used Cat Excavator also boasts an excellent Excavator Electrical Device, ensuring reliable and safe operation throughout its use. Its Crawler Excavator(NEW)feature provides outstanding traction and stability, allowing you to work on any terrain with ease. Additionally, its Air Cleaner Excavator feature ensures clean air intake, prolonging the lifespan of your equipment and keeping it in top condition for years to come.

Investing in our used Cat Excavator means getting a high-performing and dependable machine at a fraction of the cost. With its impressive features and capabilities, this excavator is sure to exceed your expectations and deliver exceptional results for all your excavation needs. Contact us today to learn more about our used Cat Excavator and take the first step in revolutionizing your construction project.

### Features:

Product Name: Used Cat Excavator  
Product Category: Used Cat Excavator  
Machine Weight: 5000 KG  
Hydraulic Pump Brand: Original  
Video Outgoing-inspection: Provided  
Machinery Test Report: Provided  
Features:  
Excavator Electrical Device  
Air Cleaner Excavator  
Heavy Duty Excavator

### Technical Parameters:

Product Category:	Used Cat Excavator
Operating Weight:	5350 KG
Machinery Test Report:	Provided
Hydraulic Cylinder Brand:	Original
Hydraulic Pump Brand:	Original
Bucket Capacity:	0.22m³
Max uploading height:	3560 mm
Year:	2022
Video Outgoing-inspection:	Provided
Machine Weight:	5000 KG

### Applications:

The Cat Excavator comes equipped with original hydraulic cylinders and valves, ensuring efficient and reliable performance. The C2.4 DI engine provides the necessary power to tackle any digging or excavation task, while the 323D3 model number guarantees outstanding performance and durability.

This excavator is ideal for a variety of application occasions and scenarios, including construction sites, mining operations, and industrial applications. Whether you need to dig trenches, excavate large areas, or move heavy materials, the Cat Excavator is up to the task.

The excavator components are designed to withstand heavy use, ensuring that you can rely on this machine for years to come. With a max digging depth of 3740mm and a max excavation height of 3860mm, this excavator is capable of handling even the most challenging jobs.

Investing in a used Cat Excavator is a wise choice for anyone in need of a reliable and heavy-duty excavator. With its original hydraulic cylinders and valves, powerful C2.4 DI engine, and durable components, this excavator is built to handle even the toughest jobs. So whether you're working on a construction site, mining operation, or any industrial application, the Cat Excavator is the perfect tool for the job.
